Props

We’ve built up our collection over many years - many of our props are unique. If you wander through our warehouse you will see thousands on display.

We also custom make to specific rquirements - our artisans can fabricate anything in wood, foam, perspex, plastic, metal - and our expert scenic artists, painters and set-finishers can achieve amazing results.

Changing the world - one prop at a time.

Backdrops

Backdrops are great for venues and marquees where you want to create an immersive environment - they can be used to effectively break up the space and direct the flow through the venue and are also useful when hiding unattractive walls and out-of-bounds areas.

This backdrop was installed in a large marquee as part of our opulent Masquerade Theme.
